no doubt but that you will be very desirous of returning to the plantation by that period. I suppose that I can leave here by the 25th of November a little over three months from now. You must tell me whether Wilkins Bruce was as devoted to Maria at Schocco as he was at Weldon. He has a bro. in the soph. class & in my section but he the latter is as fat as the goddess of mischief was before the fall of man when she had nothing to do but sit down & mope. Tell Maria she must write me soon. Give my love to all. Write me also s'il vous plait about plantation news & so forth. Ever yr mst affect. son
